

**FAST, ACCURATE TARGET
FILLING & DEPOSITING FOR:**

**HORIZONTAL VACUUM
FORMERS AND TRAY,
CUP & BOWL SEALERS**

HINDS-BOCK
CORPORATION

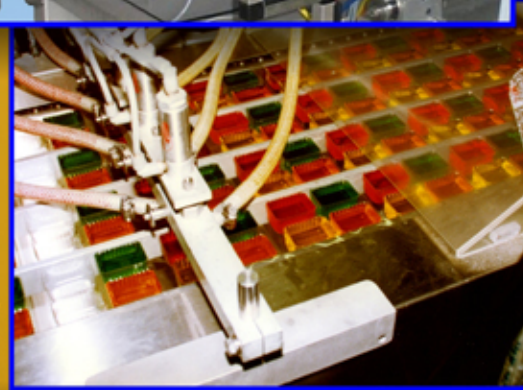

FAST, ACCURATE TARGET FILLING & DEPOSITING!

Horizontal Vacuum Formers and Tray/Cup/Bowl Sealers. Hinds-Bock has decades of experience providing high quality liquid and moist particulate fillers and depositors. They seamlessly integrate with horizontal vacuum formers and tray/cup/bowl sealers to accurately, cleanly and reliably fill a wide variety of products such as sauces, marinades, guacamole, condiments, salsa, mashed potatoes, value added entrees and frozen meal processing.

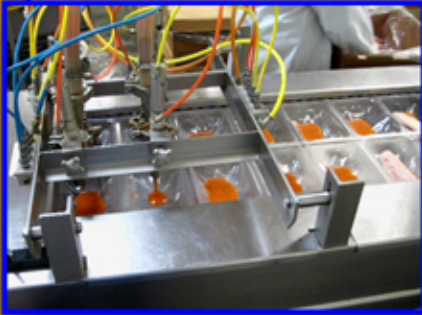

Features include positive shut off spouts, agitated hoppers, hygienic design, diving spouts, traveling spouts and heated or cooled machines. Reduce labor costs, increase production and accurately portion deposits.

Servo traveling systems automatically spread product.

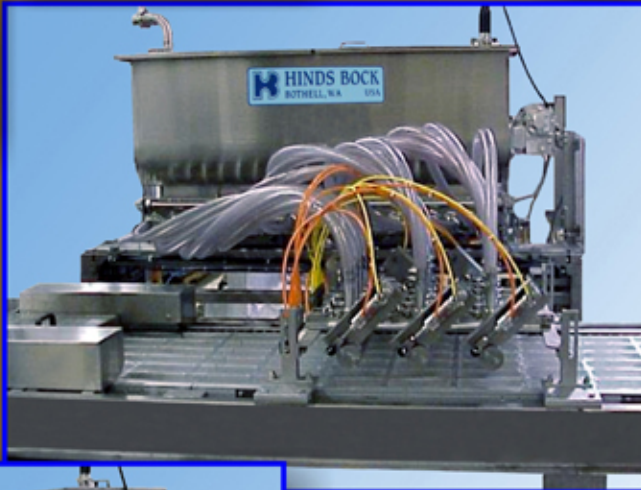

Simultaneous fill multiple flavors.

Deposit value added sauces and marinades for ready meals, fish, poultry and meats.

Fillers seamlessly integrate with horizontal vacuum formers and tray/cup/bowl sealers.

Accurate, clean, reliable, liquid or wet viscous filling.
